Community Recycling & Waste Services News and Information

City of Marionville Residential Recycle Program

Republic Service of the Ozarks and the City of Marionville are proud to announce important changes in the trash collection program for the residents of Marionville, Missouri. We want to thank the City of Marionville for choosing Republic Services as their Trash and recycle provider we are happy to continue servicing the residents of Marionville for the upcoming years. This is an informational tool to help you understand the services that Republic Service will be providing with the new Recycle Program. In this letter we have provided information regarding your trash and recycle services, we strongly encourage you to read and retain this information for future reference.

Recycle Services; Beginning in February 2021 Republic Service's Automated Collection System makes trash and recycle collection more efficient, safe, and sanitary than bag collection systems. All Marionville residents are provided a 95-gallon trash cart included in your trash rates at no additional charge to roll your waste out to the curb on your regular trash collection day. Residents now have the option to recycle at the curb, no more hauling your recycling to the nearest recycle trailer or facility. Residents upon request through City Hall, will receive a 95 gallon cart for recycling; place your cart out monthly on your scheduled recycle day and we will handle the rest. We have included a and list of recyclable material with this information letter and will provide a calendar at a later date to assist you with keeping track of your scheduled recycle days.

Your new recycle service will begin February 2021 and every 4 weeks following.

We will be providing a calendar in January 2021 highlighting recycle service dates.

As a reminder please remember to place your cart at the road prior to 6:00 am on your service day.

RECYCLING SERVICES:

Republic Services Single-Sort Recycling Program is an elective program. The single-sort recycling program utilizes a 95-gallon cart & it is serviced every 4 weeks the same day as trash. Republic Services provides participants a calendar of service day and a list of acceptable and unacceptable materials. To sign up for this program please contact City of Marionville City Hall at 417-258-2466

- **Recyclables-** Please **do not** Bag your recycling, the recycling is sorted at a material recycling facility where items are sorted with like products. Bagging the recycling prevents the sorters from easily sorting the products in additions this causes more waste as most bags are not recyclable. In addition please do not place glass or other non- recyclable materials in your recycling cart.

Additional Information

- Please place your cart(s) out the evening before your collection day.
- Carts must sit within 3 feet of the road edge & 3 feet away from any obstructions.
- The cart handle should be facing away from the street.
- Never place hot ashes or combustible material in the container.
- Republic will take 1 large item per month. Just set your large item at the curb on your normal scheduled service day.
- We cannot accept appliances, batteries, bulk liquids, liquid paint, oil, whole tires, or any hazardous or combustible waste in trash or recycling.
- Yard waste (grass clippings, leaves, etc.) cannot be placed in trash.

Please do not place unacceptable items in your recycling as this will contaminate other recyclable products!

Thank you
